

FFBiotech Symposium

May 15th–16th 2017

University of Lille
Villeneuve d'Ascq
France

Innovative approaches in bioreactors design and operation

From single cell to industrial scale

Micro-bioreactor, Miniaturization and parallelization, Single cell analysis, Photo-bioreactor, Heterogeneous bioreactor, Bioreactor engineering, Bioreactor monitoring and modelization, Mass transfer, Scale-up/down, Biosensor, Process Analytical Technologies, Single use bioreactor, Alternative bioreactor design, Intensification, Computational fluid dynamics, Metabolic flux analysis, Population heterogeneity and robustness

FFBiotech

SCIENTIFIC COMMITTEE

Chairmen : Pr Pascal Dhulster & Pr Frank Delvigne

Pr Jochen Büchs, Dr François Coutte, Dr Françoise Coucheney,
Pr Stéphane Delaunay, Pr Claude Gilles Dussap,
Pr Guilherme Ferreira, Pr Stéphane Guillouet, Pr Chris Hewitt,
Dr Agnes Hocquellet, Pr Philippe Jacques, Dr Marco Jenzsch,
Dr Gilles Joucla, Pr Carole Jouve, Dr François Krier,
Pr Christian Larroche, Dr Didier Lecouturier, Pr Jack Legrand,
Pr Pierre Monsan, Dr Jérôme Morchain, Pr Henk Noorman,
Dr Abdelmajid Noubhani, Pr Eric Olmos, Pr Vincent Phalip,
Dr Rozenn Ravallec, Dr Jean-Luc Simon,
Pr Mathieu Sperandio, Dr Stuart Stocks

Join us

LILLIAD Learning center Innovation is located in the heart of the campus of the University of Lille Sciences and Technologies
Metro line 1 (yellow line) - station "Cité Scientifique" - Professeur Gabillard" or "4 cantons"

<http://en.lilletourism.com/getting-to-lille.html>

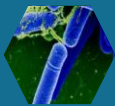

Invited oral communications

Poster session and flash oral presentation for PhD student

Oral communications and industrial exhibition

**Abstract submission on line
until the 3rd March 2017**
bioreactors2017.ffbiotech.fr

Registration fees

Academic : 250 €
Student : 150 €
Industrial : 350 €
